Good Bread should please the Eve as well as the Palate.

Why does the dainty housewife delight in snowy napery, glittering cut-glass, burnished silver, delicate, china and all other table allurements dear to feminine hearts?

And what man does not appreciate table

It is not that we appreciate the appearance of our food almost as much as the taste of it? Bread may be ever so wholesome, well-flavored and made of scientifically milled flour, but with all these qualities we want it to look danty, appeting, snowy-white, with nut-brown crust, and be firm and silky in texture. Royal Household Flour makes just that

mn of oreac.

The electrical purification and scrilization of Royal Household Flour makes it yield not only absolutely pure kieath, but bread of anony whiteness and beautiful texture—bread that will grace the pretiest table or give beauty to the humblest meal served on the plainest dishes.

You can prove this by trying a 25 lb. bag you must have flour, why not have the best.

THE CHEESE SITUATION.

OFF WITH A GOOD START

GREAT SALE ASSURED. THE SUCCESS OF OUR

We opened our big removal sale Thursday morning and we are very pleased to say that our efforts to reduce our stock is being taken advantage of. And why not? The men and boys must be fitted out for the Winter and would they not be foolish to pay full prices when they can buy at wholesale. figures.

How Long Will the Sale Last

The question is asked a hundred times a day.-We cannot answer. Our arrangements with the landlord are "To move when our new store is ready."-The work is now under way.

You Had Better Not Wait

The opportunity to buy your winter outfits at big reductions is offered you now, 6hy delay. If you cannot trade in the daytime, come in between and 8 o'clock at night. We ill be open every evening.

SALE! ON EVERYTHING

With the one exception (Overalls and Smocks), everything goes—Overcoats. Suits, Odd Pants, Hats and Caps, Underwear, Top Shirts, Mitts and Gloves, Colored and White Shirts, Collars and Neckwear, Fur Coats, Fur Caps and Fur Collars, Robes, &c., &c.,

NO APPROBATION—Some are asking to have goods sunt on approval, you can easily understant that during a sale it would simply be out of the question to send goods out all over the cit who have not the time. Surely if we can additionate and agree to return the mon if goods are not satisfactory, we are doing all that can be expected. Open every evening until 8 o'clock. Saturday evening until II o'clock

Thursday, Oct. 19th

On the above date we hold a special Fall Opening. This date will be particularly interesting from the fact that we will formally open the large addition to our mantle department.

Long ago it was apparent to us that our space in this department was not adequate for the volume of business being done. For months we have been laboring to overcome this disadvantage and have practically doubled our space.

This immense room will be given for the display of Ladies' Fine Furs and Ready to Wear Garments exclusively. We have installed handsome cases, new tables, etc., making the goods more attractive and much easier to display,

We CORDIALLY INVITE every lady in our city to come in on Thursday and see the great improvement in

While we particularly mention our mantle section, each of the many other departments will have interesting and beautiful goods for your inspection.

Every department is full to overflowing with newest Fall and Winter materials and these will be conveniently displayed so you can get a good idea of the prevaling styles in a very few minutes.

That by this combination of two good teas, Red Rose Tea is better than either-with a "rich fruity flavor" exclusively its own.

I have told you why it is always uniform in flavor and strength, of its selection at the gardens, how it is tested and blended—I have tried to tell you all about Red Rose Tea and why it is good tea.

I want you to try Red Rose Tea because I want you for a permanent customer. I know if you once try it, you will use only Red Rose Tea.

The price of half a pound of Red Rose Tea is small—that small investment may show you how-much tea value, tea quality and missed. Is it not worth trying?

How Red Rose Tea is Grown

TEA is a native plant of Northern India. Transplanted to Ceylon it lost much of its strength and richness, but gained in fragrante and delicacy. That is why Ceylon tea is not a strong tea. That is why I blend Indian and Ceylon teas. That is how the strength and richness, fragrance, and delicacy of Red Rose Tea are secured—that is why Red Rose Tea has that "righ fruity flavor."
